One Source Networks to Participate in the 2011 NJTC Top Ten Technology Trends Event in Philadelphia

SAN ANTONIO, TX. November 8, 2011-- [One Source Networks \(OSN\)](#), a managed voice and data solutions provider for the large enterprise market, announces its participation in the annual [New Jersey Tech Council \(NJTC\) event](#), taking place on Thursday, November 10th 2011 at the Philadelphia Technology Park.

One Source Networks' Chief Technology Officer, Dan Tyler will present on the panel titled, "*Top Technology Trends*." The panel will focus on presenting new technology trends that are expected to have significant, favorable effects on the market. OSN will take the opportunity to present its own cutting-edge technology trends, which include [SIP/Mobility](#) and [Remote Desktop/ Security](#).

One Source Networks' SIP solutions provide greater flexibility, scalability, and cost efficiency for the business, enabling interoperability with new and legacy systems. Remote desktop services provide companies the opportunity to develop virtual work environments that support workers anywhere; and deliver individual workers more freedom within their jobs.

The New Jersey Tech Council Philadelphia is comprised of corporate executives and venture capitalists invested in innovative and groundbreaking technology trends. To learn more about NJTC, visit www.njtc.org.

###

About One Source Networks

One Source Networks provides managed voice and data solutions to Fortune 1000 businesses, delivering ubiquitous access to cloud-based voice, video, security, and computing applications that power a mobile, global workforce. The company combines its own fully redundant global network infrastructure with over 150 best of breed global suppliers to offer customizable, cost-effective, and scalable communications solutions. Ranked as the #1 telecommunications provider by the 2011 Inc. 500 annual list of America's Fastest-Growing Private Companies, OSN delivers all of its solutions to its clients under one contract, with one account and service team, on one invoice.

About The New Jersey Tech Council

The New Jersey Technology Council provides business support, networking opportunities, information, advocacy and recognition of technology companies and their leaders. Founded in 1996, NJTC's almost 1,000 member companies work together to support their own enterprises while advancing New Jersey's status as a leading technology center in the United States.
